

FFHQ 2019 Bug List - Bug #377

Homepage InIndex ad unit is pulling in Mobile Banner ad

08/28/2019 10:00 AM - Anonymous

Status:	Closed	Start date:	08/28/2019
Priority:	Urgent	Due date:	
Assignee:		% Done:	0%
Category:	ADS	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
The InIndex ad unit on the home page is pulling in/displaying 320x50 ad formats which is a 'Mobile Banner'. It should only be a 300x250 MPU format. Attaching screenshot of the page on desktop.

Think this is resolved. Just removed that Mobile Banner size

#3 - 08/30/2019 02:46 PM - Anonymous

Thanks Pierce. Is there any way for you to quickly check if the mobile banner size was assigned to every InIndex ad unit on the site or is it something that I'll have to check individually?

#4 - 09/03/2019 03:46 PM - Pierce Gleeson

It was assigned to every InIndex unit in one place, but that also means that I removed it in all places when I removed it here.

#5 - 09/10/2019 02:06 PM - David Bryan

adding Catherine and Pierce as watchers
let me know if to be closed please
