

FFHQ 2019 Bug List - Bug #380

2. Tags issue

09/04/2019 12:40 PM - David Bryan

Status:	Feedback	Start date:	09/04/2019
Priority:	Urgent	Due date:	
Assignee:	David Bryan	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description In the CMS, the user adds a tag to an article. When you start typing, an auto complete appears, however there look to be multiple versions of the same tag (same syyntax, no discernible differences) Eg "Father" ON inspection of the tag manager in the CMS, each time a tag is added, it looks to be creating a new entity - different ID numbers. Each tag, if it is the same as one already present, it should not create a new entity in Tags? This will affect the "topics" pages potentially?			

History

#1 - 09/30/2019 02:17 PM - Pierce Gleeson

- Status changed from New to Feedback
- Assignee changed from Newton Duarte to David Bryan

Is this fixed [Newton Duarte](#)?
